

Access 'SAP Business Objects Web Intelligence' Documentation using the 'Help' Icon

Last Revision Date: 02/04/2015

- 1 In a Webi report click the small black downward pointing arrowhead ▼ to the right of the 'Help' icon . It is located in the upper far right side of the screen, next to the Reading ▾ Design ▾ bars. From the drop down menu of options that will be displayed, 2 click on  Help Contents F1. The 'Documentation for SAP Business Objects Web Intelligence' will be displayed. To find information on a topic, 3 click the  icon in the upper right section of the screen. 4 Enter your search topic/text in the window and click the  icon. 5 The search results will be displayed.

The screenshot illustrates the steps to access SAP Business Objects Web Intelligence documentation. The interface shows the 'Report Elements' tab with 'Data Providers' and 'Data Objects' sections. The 'Design' tab is active, and the 'Help' icon (a question mark) is highlighted with a red box and labeled '1'. A dropdown menu is open, showing 'Help Contents F1' (labeled '2'), 'Tutorials', and 'About ...'. The 'Help Contents' option is selected, leading to the 'Documentation for SAP Business Objects Web Intelligence' page. The page header includes 'State of Louisiana' and navigation links for 'SAP Help Portal', 'SAP Community Network', 'SAP Support Portal', and 'Copyright'. The main heading is 'Documentation for SAP Business Objects Web Intelligence'. Below the heading, a search box is highlighted with a red box and labeled '4'. The search results are displayed, showing 'Report Filtering' (labeled '5') and 'About the Web Intelligence Interfaces'. The search results section includes the text 'Results For: Report Filtering' and a link to 'About the Web Intelligence Interfaces'.
